Programmer

I am a Software  
Engineer.

Developer

Problem  
Solver!

# What do I do everyday?

# What do I do every day?

Ask Questions

Solve Problems

What does code look like?

```
15
16 const LOCALE = globalThis.navigator.language
17
```

```
18 const div = document.body.appendChild(document.createElement('div'))
19 const list = div.appendChild(document.createElement('ol'))
20
```

```
21 const dayNames = new Map()
```

```
22
23 for (let i = 0; i < 7; ++i) {
```

```
24   const d = Temporal.PlainDate
```

```
25     year: Temporal.PlainDate
```

```
26     month: 1,
27     day: 1,
```

Fancy Decision Making

{ Let's write some code! }

```
28   dayNames.set(i, d.toDayName(LOCALE, { weekday: 'long' }))
29 }
30
```

```
31
32
33 for (const key of dayNames.keys().sort((a, b) => a - b)) {
```

```
34   div.appendChild(Object.assign(
```

```
35     document.createElement('li'),
```

```
36     { textContent: dayNames.get(num) },
```

```
37   ))
38 }
39
```

# How I got here

{ Played with computers }

{ Had a career in broadcast }

{ Coding bootcamp }

{ Made stuff }

{ Interview and technical test }

{ Keep learning and practicing }

## What you need

A love of problem solving.  
A willingness to read and learn.  
Teamwork and communication.

## What you don't need

A degree\*.  
To know everything.  
To be neurotypical.  
An office to work in.

*\*It depends.*

# Interested?

Learn stuff.

Make stuff.

Break stuff.

Now ask me stuff.
